To Whom It May Concern

Re: Warrandyte Community Association's Application for Funding

This letter is to confirm Nillumbik Shire Council's support for the funding application made by the Warrandyte Community Association (WCA) through the Resilient Community Program.

The WCA has been successful in delivering projects that target local communities living with local risk. Collaborative working with Councils, emergency services and other agencies has been key to this success.

Nillumbik Shire Council is keen to improve municipal emergency planning so that it is better integrated with community planning. The proposed project is an example of how empowered communities can build on their inherent resilience.

Nillumbik Shire Council will provide in-kind support by committing emergency management officers' time throughout the project. In addition to this the project will be eligible for council community grants should it be successful.

I trust that the WCA's application will be looked on favourably. If you have any questions regarding this, please contact me on 9433 3160 or email: Justin.murray@nillumbik.vic.gov.au.

Yours sincerely,

Justin Murray
Executive Officer Emergency Management
